

Black Leadership Board Scholarship

Mission:

The Black Leadership Board (BLB) is an organization dedicated to empowering black students through innovative programming, networks, and focused mentoring. We are a collection of young black professionals, brunch-loving builders, and faithful friends based in the city of Chicago. Our love for this city, support of each other's aspirations and endeavors, and enthusiasm for brunch is what connects us.

The goal of the BLB Scholarship is to impact the lives of Chicago's scholars through direct and indirect financial support towards their education. We are invested in the welfare of this city and we believe great strides can be made through support of our local students. In the spirit of our love for this great city of Chicago and desire to pay it forward, we challenge scholarship applicants to envision ways in which they can positively affect the city.
