Be an on call substitute food service worker.
Does this sound like what you're looking for?
Lots of people get started as a substitute worker...

Substitute Food Service Employees are hired to work a specified number of hours per day for a short period of time or for an indefinite period. Whenever possible, substitutes are called well ahead of time, but for the most part, they are contacted between 6:30 am – 9:00 am on the day they are needed.

As a member of the substitute team if down the road you are looking for permanent work, you will also be a member of the available applicant pool.

When you decide that you are no longer interested in being an on-call substitute worker, just let us know and we will take your name off our list.

It's that simple!
