Military Children Registration - Public Act 97-505

Dear Parent or Guardian:

Beginning with the 2013/2014 school year District 227, as well as, all other school districts and non-sectarian recognized non-public schools in the state of Illinois will be required to report to the Illinois State Board of Education (ISBE) the number of enrolled students identified as children of U.S. military personnel:

Section 22-70 of the School Code [105 ILCS 5/22-70], Public Act 97-505 states "At the time of annual enrollment or at any time during the school year, a school district or a recognized non-public school, except for sectarian non-public schools, serving any of grades kindergarten through 12 shall provide, either on its standard enrollment form or on a separate form, the opportunity for the individual enrolling the student to voluntarily state whether the student has a parent or guardian who is a member of a branch of the armed forces of the United States and who is either deployed to active duty or expects to be deployed to active duty during the school year. Each school district and recognized non-public school shall report this enrollment information as aggregate data to the State Board of Education."

The compiled data may enable our school district to apply for federal impact aid if a certain number or percentage of our students is connected with the military. It will also help us identify students who may need support services such as social work intervention due to the absence of a parent who is on active duty or other circumstances related to a parent's military status.

While it is completely voluntary, we would appreciate if you would take a moment to answer the following questions.

YES

NO

Is the parent or guardian currently serving on active duty or expect to be deployed this year?
